

§ 930.84 Continuing State agency objections.

If the State agency objects to the consistency certification for an amended OCS plan, the prohibition in § 930.80 against Federal agency approval of licenses or permits for activities described in detail in such a plan applies, further Secretarial review pursuant to subpart H of this part may take place, and the development of an additional amended OCS plan and consistency certification may be required pursuant to §§ 930.82 through 930.83.

§ 930.85 Failure to comply substantially with an approved OCS plan.

(a) The Department of the Interior and State agencies shall cooperate in their efforts to monitor federally licensed or permitted activities described in detail OCS plans to make certain that such activities continue to conform to both federal and State requirements.

(b) If a State agency claims that a person is failing substantially to comply with an approved OCS plan subject to the requirements of this subpart, and such failure allegedly involves the conduct of activities affecting any coastal use or resource in a manner that is not consistent with the approved management program, the State agency shall transmit its claim to the Minerals Management Service region involved. Such claim shall include: a description of the specific activity involved and the alleged lack of compliance with the OCS plan, and a request for appropriate remedial action. A copy of the claim shall be sent to the person and the Director.

(c) If, after 30 days following a request for remedial action, the State agency still maintains that the person is failing to comply substantially with the OCS plan, the governor or State agency may file a written objection with the Director. If the Director finds that the person is failing to comply substantially with the OCS plan, the person shall submit an amended or new OCS plan along with a consistency certification and supporting information to the Secretary of the Interior or designee and to the State agency. Following such a finding by the Director, the person shall comply with the origi-

nally approved OCS plan, or with interim orders issued jointly by the Director and the Minerals Management Service, pending approval of the amended or new OCS plan. Sections 930.82 through 930.84 shall apply to further State agency review of the consistency certification for the amended or new plan.

(d) A person shall be found to have failed substantially to comply with an approved OCS plan if the State agency claims and the Director finds that one or more of the activities described in detail in the OCS plan which affects any coastal use or resource are being conducted or are having an effect on any coastal use or resource substantially different than originally described by the person in the plan or accompanying information and, as a result, the activities are no longer being conducted in a manner consistent with the management program. The Director may make a finding that a person has failed substantially to comply with an approved OCS plan only after providing a reasonable opportunity for the person and the Secretary of the Interior to review the State agency's objection and to submit comments for the Director's consideration.

Subpart F—Consistency for Federal Assistance to State and Local Governments

§ 930.90 Objectives.

The provisions of this subpart are intended to ensure that federal assistance to applicant agencies for activities affecting any coastal use or resource is granted only when such activities are consistent with approved management programs. The provisions of subpart I of this part are intended to supplement the provisions of this subpart for federal assistance activities having interstate coastal effects.

§ 930.91 Federal assistance.

The term "federal assistance" means assistance provided under a federal program to an applicant agency through grant or contractual arrangements, loans, subsidies, guarantees, insurance, or other form of financial aid.
